Board leadership training

The Vauxhall Business Society is hosting the first board leadership training course on May 27th 8:30am - 4:30pm, lunch included for \$10 at the Legion Hall. To register please contact Lori at 587-800-5804 or lorivanhal@gmail.com. This is a great opportunity for anyone who sits on a board or is considering sitting on a board. This is also a great course for anyone considering running for Council this upcoming fall.

Axia Fibre

It is now even easier to express your interests in Axia, simply go to the Vauxhall public library or the Co-op to fill out your form today. This form does not sign you up for Axia services, it is only to tell Axia, that you, a residence of the Town of Vauxhall want Axia to build fibre in our community so we can be competitive with other communities.

13 Ways to Kill Your Community

Recently I attended a Doug Griffiths seminar on 13 Ways to Kill Your Community, and although all thirteen ways are obvious, we all can get stuck in the past or head down the wrong path. A community who works well together truly can create good things. So, I have decided to share one of these 13 ways each month in the newsletter with you so together, we can make sure we do not kill our community.

Number 13: Don't Take Responsibility

"It's not my problem," Witnessed most often in coffee shop banter, they discuss what is wrong with the town, the church, the school, but they never come up with solutions to the problem. If they do have a solution, they never share it with those who can work on the solution, saying "it's not my problem" or "if I were them..."

Blaming, unfortunately does not solve anything and just builds up resentments. Negative thinking people take an opportunity and find a problem. Positive thinking people see a problem and figure out ways to turn it into an opportunity.

Let's not be one of those communities who kill their community through blaming others and not take responsibility. Vauxhall, is YOUR community, it is MY community, it is OUR COMMUNITY.

Community Centre Advisory Committee

We are looking for volunteers who wish to sit on the community centre advisory committee. We are looking for the public's assistance in advising Council on the renovations that need to occur. If you have ever used the kitchen, we are also looking for your advice on remodeling. Please submit your name to the town to sit on this committee if you wish for more information please contact the office at 403-654-2175
