About E-Billing

E-Billing support is going green by reducing paper waste. The Town currently mails approximately 317 paper invoices per month with an estimated cost of two dollars each for paper, printing, packing, posting and administration. E-Billing can redistribute this money to other Town initiatives.

Once registered, you will receive an email with your utility invoice at the end of each month. If you are a fan of our monthly newsletters, it will be included in the email.
