Vauxhall & District CHAMBER OF COMMERCE

October 23, 2025

Dear Local Business Owner,

The holiday season is just around the corner, and with it comes one of our community's most anticipated events — the annual Snowflake Frolic on Thursday, December 4th! This festive evening will launch our Vauxhall & District Chamber of Commerce "Shop Local for Christmas" campaign, encouraging residents to support local businesses throughout the holiday season.

Snowflake Frolic Kickoff – December 4th

The Snowflake Frolic is a fun-filled night featuring late-night shopping, hayrides, Christmas light tours, bonfires, and carol singing throughout town. To make the evening even more exciting, we'll be playing the annual Christmas Bingo Card Game.

Each participating business will have its logo and name featured on a square of the Bingo card. Shoppers who complete a full card and return it will be entered into a draw for prizes.

- Cost to participate: \$25.00 (cash, store credit, product)

- Deadline to register: November 17th, 2025

Shop Local Campaign – December 4th to December 21st

The Shop Local campaign will continue until December 21st at participating businesses. Customers will receive one contest entry for every \$25 spent at your store during this period.

At the end of the campaign, all entries will be eligible for prize draws totaling \$250.00 in VDCC bucks to be spent at a local store of winners choice.

Even if your business does not have daily retail sales, you can still participate by entering client names during the contest period for services or purchases made with your business. Every contribution helps promote shopping locally and keeping dollars in our community.

We would love your business to be part of this community-wide celebration.

Please confirm your participation and provide your logo by November 17th by contacting us at:

Email: info@vauxhallchamber.ca

Phone: 403-655-8058

Let's make this holiday season merry, bright, and local!

Sincerely,

Lynda Unruh

Enabling Growth and Housing Affordability

The following submission was developed by ABmunis administration following the engagement series on Enabling Growth and Housing Affordability beginning in February 2025. As this series of engagement wraps up, we would like to provide a list of action items that would enable municipalities, developers and the province to collaborate in enabling timely and sustained growth and long-term affordability of our communities.

Recommended Action Items

1. Work with ABmunis and Other Associations to Strengthen Off-Site Levy Tools
 - Update the Off-Site Levies: A Municipality's Manual for Capital Cost Recovery Due to New Development to reflect recent tribunal rulings, best practices, and lessons learned and develop a companion tool specifically to help elected officials understand their role in OSLs.
 - Develop a standardized levy formula model that municipalities can adapt to their local context, providing both consistency and flexibility.
2. Improve the Development Appeal Process
 - Require appellants to provide a clear reason for appeal at the time of submission, reducing frivolous claims.
 - Explore the option to introduce a screening step, allowing the SDAB to dismiss vexatious appeals resulting in shortened timelines.
 - Require an appeal fee, refundable if the appeal is successful, to discourage abuse of the process.
 - Shorten the timeline for filing appeals to reduce unnecessary delays.
 - Provide additional guidance on SDAB governance, beyond mandatory training, to increase the capacity of smaller boards.
 - Clarify the division of jurisdiction between SDABs and the Land and Property Rights Tribunal.
3. Invest in Growth-Enabling Infrastructure
 - Increase provincial funding for critical infrastructure such as water and wastewater systems to ensure municipalities can support new development.

Avoid the risks associated with Automatic Yes.

The Ministerial Mandate Letter issued to the Minister of Municipal Affairs on September 22, 2025 calls for the development of an "Automatic Yes" permitting program that would impose shortened approval timelines on municipalities and automatically approve applications if they are not processed within the prescribed timeframe.

This approach was generally not supported by representatives of the development or municipal community during engagement sessions, as permits are generally approved in an acceptable timeframe. Delays in approval usually stem from incomplete applications and introducing an 'Automatic Yes' may have the unintended consequence of increasing the number of denied applications by forcing municipalities to deny incomplete applications rather than work with applicants to help them complete the process.

An 'Automatic Yes' approach may also work against Alberta's stated interest of providing "home ownership in safe, affordable, attractive, livable family friendly communities that reflect Alberta's distinct values and heritage" by forcing municipalities to choose between meeting deadlines and ensuring development supports the goal of building safe, affordable, attractive, livable family friendly communities.

Cris Burns
CAO
Town of Vauxhall, AB

Dear CAO Burns,

Please find attached the quarterly Community Policing Report covering the period from July 1st to September 30th, 2025. This report provides a snapshot of human resources, financial data, and crime statistics for the Taber/Vauxhall RCMP Detachment.

In the past few months, Alberta RCMP has observed significant changes to our senior management team that I want to highlight in this quarter's update. In addition to our new Commanding Officer, Deputy Commissioner Trevor Daroux, we are pleased to welcome a new Criminal Operations Officer, Assistant Commissioner Wayne Nichols. Since entering his new role, the Commanding Officer and other members of the senior management team have been taking time to meet with community and elected officials throughout the province. The team is also looking forward to meeting with representatives from several communities during the upcoming meetings at Alberta Municipalities and Rural Municipalities of Alberta convention this November.

Deputy Commissioner Daroux is focused on prioritizing meeting opportunities between the senior management team and all communities that we serve. These meetings serve as an opportunity to further strengthen our relationship and allow us the chance to listen to the needs and concerns of our communities. If you are interested in meeting with our senior management team, please do not hesitate to reach out so that we can coordinate a time that is convenient for you.

Thank you for your ongoing support and engagement. As your Chief of Police for your community, please do not hesitate to contact me with any other questions or concerns.

Best regards,

Community Priorities

Priority #1: Traffic Safety – through enforcement and education**Updates and Comments:**

Our traffic statistics are much lower than the goal set at the start of the year, but this is due to a hard vacancy, coupled with a very busy start of the year. While it is unlikely that we will reach the goal of 45 tickets/month average we do have a traffic operation planned in the coming months, and it is hoped we will see our current average be leveraged by this.

Priority #2: Community Relations – Visibility and participation in community events**Updates and Comments:**

Patrols are tracked by members on a monthly patrol log, and submitted to their supervisor at the end of the month. Patrols are down, but this is to be expected due to the shortages we have faced. The active members have been doing a good job mitigating this shortage, and there is hope our vacancy will be filled by the end of January.

The members have participated in multiple community events this past quarter including: marching in red serge for the Vauxhall Day Parade, volunteering and running events at the Southern Alberta Summer Games hosted by Taber, presentations at the two youth camp ran by the Women's Shelter, and attendance at the Foothills Metis Rendezvous held at the Enchant Campground.

Priority #3: Crime Reduction – Property Crime

Updates and Comments:

Our goal was to reduce property crime by 10%. Unfortunately it has been an extremely busy year where we have experienced higher call volumes than previous years. Currently property crime is up 16% in the detachment area. Police are working hard with partners to solve, and get ahead of the criminals committing these crimes.
